# Responsibility

# Welcome

It is my pleasure to welcome new students to Braemar College.

Since 1995, we have watched with pride as students just like you have grown and achieved their academic dreams.

As experienced educators, we have high expectations, even as we know that every student takes a unique path on his or her journey of personal growth.

Our school founder and my mentor, Mrs. Sheila McDonald, instilled a love of learning in our students and inspired our teachers. "If a student is comfortable," she often told me, "they will gain confidence to continue to develop learning skills and find their passion."

Braemar College is proud to offer you a caring and supportive learning environment. We are committed to helping you reach your full potential and are looking forward to meeting you!

**Virginia Lemieux**  
Principal

My name is Jessica Paul and I am the Student Activities Manager at Braemar College. My job is to plan, design, and create all the different parts of extra-curricular life for our students. In collaboration with our Student Leaders, I try to respond to the needs and desires of each student here, and create resources, programs, or connections that make life healthier, happier and more fulfilling for everyone.

It is important to me that we take a holistic approach to our wellbeing and focusing on the whole student experience. I provide memorable opportunities for our Braemar College students. Whether it is picnic in the park, learning a new recipe at cooking club, battling it out in a chess tournament or exploring the various attractions that Toronto has to offer, I want your time here to be just as meaningful as your academic journey.
